

# 1 CLICK TRADING SYSTEM

## Quick Start Guide

Welcome to the 1 Click Trading System.

We're delighted you've joined us and we warmly welcome you to the 1 Click family.

Our goal is to help you get set up correctly and quickly, so you can start Clicking as soon as possible.

**Please Follow These Steps To Getting Set Up  
So You Can Start Clicking**

# Set It Up Once... Then Just Click

Remember... once you get this set up correctly, you don't need to do this again.

Set it up once, and then simply Click to take trades!

## Step 1:

### Get a Crypto Wallet

A crypto wallet is a secure place where you store your crypto. There are lots of different wallets to choose from.

If you don't already have a wallet, we suggest you start with Coinbase. It's very user friendly. Please follow the steps in the video on how to get your wallet set up.

## Step 2:

## Get Some Crypto

Tether (USDT)

You will need some crypto to get started. We will use USDT (Tether) to buy Bitcoin. You can either buy USDT or you may need to buy Bitcoin first and convert it to USDT on your trading exchange.

We have videos to show you exactly how to do this.

### Step 3:

HitBTC

## Select Your Trading Exchange

We currently use 4 different trading exchanges. Choose the one that is available in your area and that you prefer.

Below are details on where these exchanges are available.

Please note; this list could change at any time. It's always best to check directly with the exchange to find out if they are available in your area / country.

# BITTREX **Trading Exchange**

**Bittrex IS available in the USA in ALL areas Except:**  
New York, Hawaii, Vermont, and Connecticut

**Bittrex.com is NOT available in the Countries listed below:**

## Step 4:

**Trading  
Exchange**

**1 CLICK**  
TRADING SYSTEM

## **Connect your trading exchange to your 1 Click account**

You will need to connect your trading exchange account to your 1 Click account so the signals can communicate. This step is very important and must be completed correctly.

You will also need to enter the amount you wish to trade each time you Click to take a trade. It's always best to start small, learn and test. You can change this amount at anytime.

We have detailed videos that show you exactly how to do this.

## Step 5:

### **Start Clicking**

You should now be set up. When a trade opportunity is identified, a ping notification will be sent to the 1 Click App on your phone and to your computer. To take the trade, all you do is Click the pointer icon. That's it.

Your trade will automatically sell itself when the price of Bitcoin starts to fall.

Happy Clicking...
